Summary

Database Engineer with a year of experience in **ETL development** , **data management** , and **performance optimization** . Proficient in **SQL** , **Power BI** , and **data warehousing concepts** . Experienced in developing and managing **ETL processes** , ensuring **data integrity** , and improving **report performance** . Seeking to leverage analytical skills and technical expertise to contribute to a dynamic team focused on delivering high-quality **data solutions and model support** .

Experience

Yardi Software Pvt Ltd

Software Engineer

Jul 2023 to Aug 2024

Pune

- Developed and optimized **100+ custom reports (SSRS , YSR, SQL)** for client requirements, focusing on **ETL processes** for data extraction, transformation, and loading, ensuring alignment with **IFP model runs** .
- Engineered complex **SQL queries** , **stored procedures** , **triggers** , and user-defined **functions** , improving query performance by **5%** and streamlining **ETL workflows** , enhancing the efficiency of **data input and updates** .
- Handled support for **150+ clients** and processed **500+ requests** , collaborating with onshore/offshore teams to resolve issues, clarify tasks, and streamline code reviews, resulting in a **10% improvement** in delivery and client satisfaction, with a focus on **data input and updates** , and ensuring **data aggregation** for different purposes.
- Provided **data fixes** for over **7 million records** , ensuring **100% data integrity** and improving system stability, directly contributing to the reliability of **ETL processes** and the accuracy of **model valuations** .

Yardi Software Pvt Ltd

Software Engineer Intern

Jan 2023 to Jul 2023

Pune

- Created optimal technical solutions to meet user needs by performing in-depth system analysis and improving existing **SQL queries** to enhance performance and streamline data retrieval.
- Analyzed business reports to support prompt communication and provide ongoing technical support, while also developing reusable components to improve coding efficiency and documentation standards.
- Resolved complex business issues, proposing long-term solutions to prevent recurring problems and ensure smoother business operations.

TN Byte Pvt Ltd

Software Developer

Jun 2022 to Jan 2023

Nagpur

- Automated user engagement reporting by designing **SQL queries** to consolidate data from attendance, task completion, and performance tables into a unified dashboard.
- Optimized database performance by redesigning schemas, **normalizing** structures, and adding **relationships** to support faster and more efficient data retrieval.
- Tested and refined pre-built reports, enhancing **data accuracy** , visualization quality, and usability to meet reporting requirements.

Skills

Languages & Databases	Tools & Technologies	Other
SQL (T-SQL PL/SQL) Microsoft SQL Server	SSRS and SSIS (Reporting and Integration Services) Power BI ETL Processes Data Warehousing Concepts AWS	Performance Tuning & Optimization Data Modeling Troubleshooting & Debugging Data Analysis Data Aggregation

Education

G H Raisoni Institute of Engineering & Technology

Computer Science and Engineering - CGPA: 9.4/10

Jun 2020 to May 2023

B.Tech - Nagpur

- Developed and launched a Feedback Management System for the college, using Strapi as a headless CMS and React for the front end. The project is currently live and in use by the institution.
- Actively participated in 10+ webinars, staying up-to-date with the latest trends and technologies in the industry.
- Organized and led 80+ events, including workshops, hackathons, and coding challenges, fostering a collaborative and innovative environment.

Anjuman Polytechnic

Computer Science - Score: 9.4/10

Jun 2017 to May 2020

Diploma - Nagpur

- Explored various technologies, including Web Development, **Linux scripting** , **Data Warehousing** , and Big Data, with a particular focus on Data Driven Technologies.
- Completed an internship at Qaswa Technology, where I developed the Nois Tech website using Java, JSP and MySQL.
- Developed a College Management Web App as a capstone project, showcasing proficiency in full-stack development.
