## Summary

Database Engineer experienced in SQL, data management, and performance optimization. Proficient in SQL queries, database design, and reporting (SSRS, Power BI). Seeking a Data Migration and Integration Engineer role to apply analytical skills and teamwork.

## Experience

### Yardi Software Pvt Ltd

Jul 2023 to Aug 2024  
Pune

Software Engineer

- Developed and optimized 100+ reports (SSRS, SQL), resolved bugs, and provided data fixes, ensuring **100% data integrity**.
- Supported clients, collaborating with teams, resulting in improved delivery and client satisfaction.
- Engineered complex SQL queries, **improving query performance**, contributing to efficient **data migration and integration processes**.
- Mentored team members and gained expertise in SSRS, Visual Basic, and Power BI.

### Yardi Software Pvt Ltd

Jan 2023 to Jul 2023  
Pune

Software Engineer Intern

- Created optimal technical solutions to meet user needs by performing in-depth system analysis and improving existing **SQL queries** to enhance performance and streamline data retrieval.
- Analyzed business reports to support prompt communication and provide ongoing technical support, while also developing reusable components to improve coding efficiency and documentation standards.
- Resolved complex business issues, proposing long-term solutions to prevent recurring problems and ensure smoother business operations.

### TN Byte Pvt Ltd

Jun 2022 to Jan 2023  
Nagpur

Software Developer

- Automated user engagement reporting by designing **SQL queries** to consolidate data from attendance, task completion, and performance tables into a unified dashboard.
- Optimized database performance by redesigning schemas, **normalizing** structures, and adding **relationships** to support faster and more efficient data retrieval.
- Tested and refined pre-built reports, enhancing **data accuracy**, visualization quality, and usability to meet reporting requirements.

## Skills

### Languages & Databases

SQL  
Microsoft SQL Server  
**PL/SQL**  
Oracle

### Tools & Technologies

SSRS  
SSIS  
Power BI  
**ETL Processes**  
Data Warehousing  
Version Control  
Performance Tuning  
Data Modeling  
Troubleshooting  
**XML**  
**JSON**  
Jenkins

### Other

Data Migration  
Data Integration  
Reporting & Visualization

## Education

### G H Raisoni Institute of Engineering & Technology

Jun 2020 to May 2023  
B.Tech - Nagpur

Computer Science and Engineering - CGPA: 9.4/10

- Developed and launched a Feedback Management System for the college, using Strapi as a headless CMS and React for the front end. The project is currently live and in use by the institution.
- Actively participated in 10+ webinars, staying up-to-date with the latest trends and technologies in the industry.
- Organized and led 80+ events, including workshops, hackathons, and coding challenges, fostering a collaborative and innovative environment.

### Anjuman Polytechnic

Jun 2017 to May 2020  
Diploma - Nagpur

Computer Science - Score: 9.4/10

- Explored various technologies, including Web Development, **Linux scripting**, **Data Warehousing**, and Big Data, with a particular focus on Data Driven Technologies.
- Completed an internship at Qaswa Technology, where I developed the Nois Tech website using Java, JSP and MySQL.
- Developed a College Management Web App as a capstone project, showcasing proficiency in full-stack development.
